5 Parties Bound

5.1 The parties to this Agreement (Parties) are the Employers referred to in Schedule A, and the Unions.

5.2 This Agreement is also binding upon the Employees.

6 Incidence And Application

6.1 Parts A, B and C of this Agreement shall apply to the work and employment of all Employees, except those provisions that are expressly directed to particular classes of Employees only.

6.2 Part D of this Agreement shall apply to the work and employment of Registered Nurses Divisions 1 and 5, except where clauses are expressly restricted to either Registered Nurses Division 1, or Registered Nurses Division 5, only.

6.3 Part E of this Agreement shall apply to the work and employment of Registered Nurses Division 2 and trainees as described in clause 67.

6.4 The Schedules and Appendices attached to this Agreement form part of this Agreement.

7 Date and Period of Operation

This Agreement came into operation on 20 June 2005. The Agreement’s extended nominal expiry date is 1 November 2011.

8 Interpretation

8.1 This Agreement incorporates the Settlement between the Parties (as defined in the Deed entered into between the Parties dated 19 February 2008), and the provisions of the Nurses (Victorian Health Services) Award 2000 as at 15 December 2005, to the extent that such provisions are not inconsistent with the terms of the Settlement. Where clauses have been re-written and there is a dispute at a later date as to their intent or meaning, regard will be had to the antecedent documents and decisions arising from them.
9 Anti-Discrimination

9.1 It is the intention of the Employers to achieve the principal object in s.3(m) of the Act through respecting and valuing the diversity of the workforce by helping to prevent and eliminate discrimination on the basis of race, colour, sex, sexual preference, age, physical or mental disability, marital status, family responsibilities, pregnancy, religion, political opinion, national extraction or social origin.

9.2 Accordingly, in fulfilling their obligations under the Disputes Settling Procedures, the Employers must make every endeavour to ensure that neither the Agreement provisions nor their operation are directly or indirectly discriminatory in their effects.

9.3 Nothing in this clause is taken to affect:

(a) Any different treatment (or treatment having different effects) which is specifically exempted under the Commonwealth anti-discrimination legislation;

(b) An Employee, Employer or registered organisation, pursuing matters of discrimination in any State or Federal jurisdiction, including any application to the Human Rights and Equal Opportunity Commission;

(c) The exemptions in s.659(3) and (4) of the Act.

10 Posting Agreement

A copy of this Agreement shall be posted up by each Employer in a conspicuous place accessible to all Employees.

11 Disputes Settling Procedures

11.1 Resolution of disputes and grievances

(a) Unless otherwise provided for in this Agreement, a dispute or grievance about a matter arising under this Agreement, other than termination of employment, must be dealt with in accordance with this clause.

(b) This clause does not apply to any dispute on a matter or matters arising in the course of bargaining in relation to a proposed workplace agreement.

(c) A person bound by this Agreement may choose to be represented at any stage by a representative, including a union representative or employer organisation.

11.2 Obligations

(a) The parties to the dispute or grievance, and their representatives, must genuinely attempt to resolve the dispute or grievance through the processes set out in this clause and must cooperate to ensure that these processes are carried out expeditiously.

(b) Whilst a dispute or grievance is being dealt with in accordance with this clause, work must continue in accordance with usual practice, provided that this does not apply to an Employee who has a reasonable concern about an imminent risk to his or her health or safety, has advised the Employer of this concern and has not unreasonably failed to comply with a direction by the Employer to perform other available work that is safe and appropriate for the Employee to perform.
(c) No person bound by the Agreement will be prejudiced as to the final settlement of the dispute or grievance by the continuance of work in accordance with this clause.

11.3 Agreement and dispute settlement facilitation

For the purposes of compliance with this Agreement (including compliance with this dispute settlement procedure) where the chosen employee representative is another employee of the Employer, he/she must be released by his/her Employer from normal duties for such periods of time as may be reasonably necessary to enable her/him to represent Employees concerning matters pertaining to the employment relationship including but not limited to:

(a) Investigating the circumstances of a dispute or an alleged breach of this Agreement;
(b) Endeavouring to resolve a dispute arising out of the operation of the agreement; or
(c) Participating in conciliation, arbitration or any other agreed alternative dispute resolution process.
(d) The release from normal duties referred to in this clause is subject to the proviso that it does not unduly affect the operations of the Employer.

11.4 Discussion of grievance or dispute

(a) The dispute or grievance must first be discussed by the aggrieved Employee(s) with the immediate supervisor of the Employee(s).
(b) If the matter is not settled, the Employee(s) can require that the matter be discussed with another representative of the Employer appointed for the purposes of this procedure.

11.5 Internal process

(a) If any party to the dispute or grievance who is bound by the agreement refers the dispute or grievance to an established internal dispute or grievance resolution process, the matter must first be dealt with in accordance with that process.
(b) If the dispute or grievance is not settled through an internal dispute or grievance resolution process, the matter can be dealt with in accordance with the processes set out below.
(c) If the matter is not settled, the Employer, Employee or the Employee’s chosen representative (which may include an officer or employee of the Union) may apply to the Commission to have the dispute or grievance dealt with by conciliation.

11.6 Disputes of a Collective Character

(a) The parties bound by the agreement acknowledge that disputes of a collective character concerning more than one Employee may be dealt with more expeditiously by an early reference to the Commission.
(b) No dispute of a collective character may be referred to the Commission directly unless there has been a genuine attempt to resolve the dispute at the workplace level prior to it being referred to the Commission.
11.7 Conciliation

(a) Where a dispute or grievance is referred for conciliation, a member of the Commission shall do everything that appears to the member to be right and proper to assist the parties to the dispute to agree on terms for the settlement of the dispute or grievance.

(b) This may include arranging:

(i) conferences of the parties to the dispute and/or their representatives presided over by the member; and

(ii) for the parties to the dispute and/or their representatives to confer among themselves at conferences at which the member is not present.

(c) Conciliation before the Commission shall be regarded as completed when:

(i) the parties to the dispute have reached agreement on the settlement of the grievance or dispute; or

(ii) the member of the Commission conducting the conciliation has, either of their own motion or after an application by either party, satisfied themselves that there is no likelihood that within a reasonable period, further conciliation will result in a settlement; or

(iii) the parties to the dispute have informed the Commission member that there is no likelihood of agreement on the settlement of the grievance or dispute and the member does not have substantial reason to refuse to regard the conciliation proceedings as completed.

11.8 Arbitration

(a) If the dispute or grievance has not been settled when conciliation has been completed, either party may request that the Commission proceed to determine the dispute or grievance by arbitration.

(b) Where a member of the Commission has exercised conciliation powers in relation to the dispute or grievance, the member shall not exercise, or take part in the exercise of, arbitration powers in relation to the dispute or grievance if a party objects to the member doing so.

(c) Subject to paragraph (d) below, the determination of the Commission is binding upon the persons bound by this Agreement.

(d) An appeal lies to a Full Bench of the Commission, with the leave of the Full Bench, against a determination of a single member of the Commission made pursuant to this clause.

11.9 General powers and procedures of the Commission

(a) Subject to any agreement between the parties to the dispute in relation to a particular dispute or grievance and the provisions of this clause, in dealing with a dispute or grievance through conciliation or arbitration, the Commission may:

(i) determine matters of procedure as if section 110 of the Act applied to the proceedings; and,

(ii) exercise the powers set out in section 111 of the Act, to the extent relevant, as if section 111 applied to the proceedings; and,
11.10 Publication and privacy obligations during disputes
(a) In accordance with the provisions of section 712 of the Act and more particularly
section 712(2)(b) the parties to the dispute, subject to the preservation of any
duties of confidence, commercial or otherwise and to any requirements for in-
camera hearings due to security or other concerns, consent to and empower the
Commission at its discretion to publicly disclose any recommendation or decision
it has reached in order to resolve in whole or in part any dispute under this
Agreement.

11.11 Discipline
(a) Where disciplinary action is necessary, the management representative shall
notify the Employee of the reason. The first warning shall be verbal and will be
recorded on the Employee's personnel file. A union or other representative shall
be present if desired by either party.
(b) If the problem continues the matter will be discussed with the Employee and a
second warning in writing will be given to the Employee and recorded on the
Employee's personnel file. The local union or other representative shall be
present if desired by either party.
(c) If the problem continues the Employee will again be notified by the management
representative. If a final warning is to be given then it shall be issued in writing
and if required by either party, a copy sent to the relevant union or relevant
representative. The Employee has the right to union or other representation.
(d) If the problem recurs, the Employee’s employment may be terminated. However,
an Employee's employment may not be terminated without the authority of senior
management.
(e) Despite paragraphs (a) to (d) above, an Employee may still be summarily
dismissed for acts of serious and wilful misconduct.
(f) If a dispute arises over any disciplinary action instigated against an Employee by
a management representative, the course of action to be followed shall be in
accordance with clause 0.
(g) If after any warning, a period of twelve months elapses without any further
warning or action being required, all adverse reports relating to the warning must
be removed from the Employee’s personnel file.
(h) All new Employees shall be handed a copy of these procedures on
commencement of employment.

12 No Extra Claims
12.1 The Unions, the Employers and the Employees acknowledge and agree that:
(a) this Agreement settles all claims in relation to the terms and conditions of
employment of the Employees to whom it applies including all Union and
Employer claims made before and during the negotiations leading to the making
of this Agreement (whether or not those claims were matters at issue during the
bargaining period); and
(b) Except as otherwise indicated herein this Agreement sets out and is intended to set out comprehensively, all of the terms and conditions of employment of the Employees whose employment is subject to the Agreement; and

(c) they will not pursue any extra claims during the term of this Agreement.

12.2 Subject to an Employer meeting its obligations to consult arising under this Agreement or a relevant contract of employment, it is not the intention of clause 0 to inhibit, limit or restrict an Employer's right or ability to introduce change at the workplace.

12.3 The Parties agree to commence discussions no later than six months prior to the nominal expiry date of this Agreement. Provided that any claim made by a Party during this period is not supported by industrial action, clause 0 does not prevent a Party from making a claim during the six month period (or such earlier period as may be agreed) prior to the nominal expiry date of this Agreement.

12.4 Despite clause 0, during the nominal life of this Agreement the Parties will endeavour to agree upon appropriate classifications and grades for Employees predominantly undertaking research. Pending the outcome of those endeavours, Employees engaged primarily to undertake research work will be classified at the greater of:

- Their current classification where employed in research work as at 31 March 2007
- The classification applying to the position where the position was at a Grade higher than Grade 3A as at March 31 2007
- Grade 3A
PART B - COMMON CONDITIONS

13   Daylight Saving

13.1   Despite the overtime provisions of this Agreement, if an Employee works on a shift during which time changes because of the introduction of, or cessation to, daylight saving, that Employee will be paid for the actual hours worked at the ordinary time rate of pay.

Example
An Employee is rostered to work a ten hour night shift from 9pm through to 7:30am (including a 30 minute meal break). During the course of this shift, the clock is wound forward one hour due to the commencement of daylight saving.

The Employee therefore works nine hours. The Employee is paid nine hours at his or her ordinary time rate of pay (including any shift penalties or allowances ordinarily payable in respect of this shift).

Example
An Employee is rostered in a ten hour night shift from 9pm through to 7.30am (including a 30 minute meal break). During the course of this shift, the clock is wound back one hour due to the cessation of daylight saving.

The Employee therefore works 11 hours. The Employee is paid 11 hours at his or her ordinary time rate of pay (including any shift penalties or allowances ordinarily payable in respect of this shift). No overtime is paid for the additional hour worked.

13.2   For the purpose of calculating accrued days off, Employees who work on a shift during which time changes because of the introduction of, or cessation to, daylight saving, will be taken to have worked the standard hours for a night shift in accordance with the CWMA.

14   Annual Leave

14.1   Registered Nurses Division 1 and 5 - Full Time Employees

(a)   All Registered Nurses Division 1 and 5 shall be granted 190 hours of annual leave with ordinary pay on completion of 12 months service with their Employer.

(b)   A full-time Employee employed as a Registered Nurse Division 1 and 5 who is required to work and who worked ordinary hours on week days and on weekends throughout the qualifying twelve months period of service shall be allowed an additional seven consecutive days leave including non-working days. A full-time Employee employed as a Registered Nurse Division 1 and 5 with twelve months continuous service so engaged for part of the qualifying twelve month period shall have the leave prescribed in this paragraph increased by half a day for each month during which engaged as aforesaid.

14.2   Registered Nurses Division 2

(a)   Employees shall at the end of each year of employment become entitled to annual leave of four weeks on ordinary pay.
(b) An Employee who during the yearly period in respect of which his/her annual leave accrues is rostered as part of his/her ordinary duties on ten or more weekends for four hours or more, shall be entitled to one week's (seven consecutive days) annual leave in addition to the leave prescribed in this clause.

(c) A shift Employee whose employment with an Employer is terminated at the end of a period of employment which is less than one year computed from the date of commencement of the employment, or the date upon which the Employee last became entitled to annual leave from that Employer, shall be paid in addition to any other amounts due to her/him, an amount equal to 1/48th of his/her ordinary pay in respect of that period of employment.

14.3 Accrued days off and annual leave (Registered Nurses Division 1)

Where the system of working provides for the taking of accrued days off, the maximum number of accrued days off shall be thirteen in any calendar year. One day of a year’s annual leave period shall be regarded as an accrued day off for which no additional payment is to be made.

14.4 Public holidays occurring during annual leave

(a) Where any public holiday occurs during any period of annual leave taken by a Registered Nurse Division 1 or a Registered Nurse Division 5 pursuant to the annual leave provisions of this Agreement, the Employee shall receive an additional sum equal to a day’s ordinary pay for such day.

(b) Where any public holiday for which a Registered Nurse Division 2 is entitled to payment under any Act, this Agreement or their contract of employment occurs during any period of annual leave taken by an Employee under this Agreement, the period of the holiday will be increased by one day in respect of that public holiday.

14.5 Effect of termination on annual leave

(a) Where the employment of an Employee who has become entitled to annual leave under this Agreement is terminated, the Employer shall be deemed to have given all accrued leave (except so much, if any, as has already been taken) to the Employee as from the date of the termination of the employment, and shall forthwith pay to the Employee, in addition to all other amounts due to the Employee, the Employee’s ordinary pay for the period of such leave. Nothing in this subclause affects the obligation of an Employer to give, or an Employee to take, annual leave in accordance with this Agreement.

(b) Where the employment of an Employee is terminated within 12 months since an entitlement to annual leave last accrued to that Employee (or before an entitlement falls due in the first twelve month period of employment), the Employer shall forthwith pay to the Employee, in addition to all other amounts due to her/him, the Employee’s ordinary pay for the period of such leave. Other than in the case of a Registered Nurse Division 5, the annual leave loading prescribed in paragraph 14.7(b) shall apply to pro rata payment of leave on termination of employment.

(c) Where annual leave has been taken in advance pursuant to this Agreement and:

(i) the employment of the Employee is terminated before she/he has completed the year of employment in respect of which such annual leave or part was taken; and
(ii) the sum paid by the Employer to the Employee as ordinary pay for the annual leave period or part so taken in advance exceeds the sum which the Employer is required to pay to the Employee under paragraph (b);

(iii) the Employer shall not be liable to make any payment to the Employee under paragraph (b) and shall be entitled to deduct the amount of such excess from any remuneration payable to the Employee upon termination of employment.

14.6 Taking of leave

(i) Two weeks notice of the date from which an employee shall commence his or her annual leave shall be given unless otherwise mutually agreed upon between the parties concerned.

(ii) An Employee with an accrued annual leave entitlement can apply for annual leave at any time (subject to any restrictions elsewhere in this Agreement) and such request will not be unreasonably refused by the Employer. Where agreement cannot be reached between an Employee and Employer as to when annual leave can be taken, the Employer may require the Employee to take such leave at a time directed by the Employer, provided that the Employee cannot be directed to take such leave before the expiration of a period of 2 years after the date upon which the right to such annual leave accrues. Provided that, in the case of Registered Nurses Division 5 only, the giving and taking of the whole or any separate period of such annual leave may, by mutual consent, be postponed for a period.

(b) Registered Nurses Division 2

(i) Except as provided in paragraph (d) below annual leave shall be given and taken in four consecutive weeks or if the Employee and the Employer so agree in two separate periods and not otherwise.

(ii) Except as provided in paragraph (d) below if the Employee and the Employer so agree the annual leave period or either of such separate periods may be taken wholly or partly in advance before the Employee has become entitled to the annual leave.

(c) Registered Nurses Division 5

(i) Except as provided in paragraph (d), Annual leave shall be given and taken in five consecutive weeks or, if the Employee and the Employer so agree, in two separate periods and not otherwise.

(ii) If the Employee and the Employer so agree the annual leave period or either of such separate periods may be taken wholly or partly in advance before the Employee has become entitled to the annual leave.

(d) All Employees

(i) On application by the Employee and by agreement with the Employer a maximum of ten days annual leave may be taken as single days in each year of employment. These ten days may be taken consecutively. Annual leave so taken shall be exempt from the payment in advance requirements below and shall be paid in the next pay period.

14.7 Payment for leave

(a) Employees shall receive their ordinary pay during all periods of annual leave and, before going on leave, shall be paid in advance for the period of such leave.
(i) **Registered Nurses Division 2** - in addition, upon the Employee’s prior request, any ordinary pay outstanding for hours worked at the time of proceeding on leave.

(ii) **Ordinary pay** means remuneration for the Employee’s normal weekly number of hours of work calculated at the ordinary time rate of pay.

(b) In addition to the ordinary pay, as defined immediately above, all Employees shall receive either:

(i)

(A) a loading of 17.5% calculated on the prescribed rate of salary;

(B) provided that for a Registered Nurse Division 1 such loading shall be on a maximum of 152 hours in respect of any year of employment; provided further than an Employee whose weekly salary is or exceeds the weekly rate provided for in this Agreement for a Registered Nurse Division 1, Grade 5, 51-200 beds (**Threshold Rate**) shall receive, in lieu of the 17.5% loading, an amount equal to: **Threshold Rate** x 17.5 x 4 (weeks), in respect of a period of 152 hours or a proportionate amount in respect of a lesser period or periods;

(C) provided that for a Registered Nurse Division 5 such loading shall be on a maximum of four weeks in respect of any one year of employment;

or

(ii) in respect of each week of leave granted an amount comprising the following:

(A) all payments for ordinary hours of work;

(B) shift work premiums according to roster or projected roster;

(C) Saturday, Sunday premiums according to roster or projected roster;

(D) qualification allowances;

(E) uniform allowances;

whichever is the higher.

(c) To assist in determining “ordinary pay” for Registered Nurses Divisions 2 and 5 only:

(i) where no ordinary time rate of pay is fixed for an Employee’s work under the terms of his/her employment the ordinary time rate of pay shall be deemed to be the average weekly rate earned by her/him during the period in respect of which the right to the annual leave accrues;

(ii) where no normal weekly number of hours is fixed for a Employee under the terms of his/her employment, the normal weekly number of hours of work shall be deemed to be the average weekly number of hours worked by her/him during the period in respect of which the right to the annual leave accrues;

(a) After twelve months continuous service, parents are entitled to a combined total of 52 weeks unpaid parental leave on a shared basis in relation to the birth or adoption of their child. For females, maternity leave may be taken and for males, paternity leave may be taken. Adoption leave may be taken in the case of adoption. Previous service within the public health sector, continuous with service with the Employer, is to be regarded for the purposes of accessing the entitlement to paid maternity leave for Employees with less than 12 months continuous service with an Employer.

(b) Subject to clause 0, parental leave is to be available to only one parent at a time, in a single unbroken period, except that both parents may simultaneously take:

(d) If an Employee is required to attend pre-natal appointments or parenting classes and such appointments or classes are only available or can only be attended during the ordinary rostered shift of an Employee, then on production of satisfactory evidence of attendance at such appointment or class, the Employee
may access his or her carer's leave credit. The Employee must give the Employer prior notice of the Employee's intention to take such leave.

(e) Employees who already receive maternity/parental leave payments in excess of those above shall not suffer any disadvantage.

22.4 Maternity leave

(ii) of the date on which the Employee proposes to commence maternity leave and the period of leave to be taken - at least four weeks.

(b) An Employee shall not be in breach of this clause as a consequence of failure to give the above stipulated periods of notice if such failure is occasioned by the confinement occurring earlier than the presumed date.

(c) When the Employee gives notice under paragraph (a) above the Employee must also provide a statutory declaration stating particulars of any period of paternity leave sought or taken by her spouse and that for the period of maternity leave she will not engage in any conduct inconsistent with her contract of employment.

Such requested certificate must be provided not less than eight weeks prior to the Employee’s presumed date of confinement.

(c) If there is no confirmation that continuation of present position does not pose a risk to the Employee or the unborn child then the Employer will make all practical efforts to remedy an unsafe situation to allow the Employee to work until her estimated date of confinement. If this is not possible, the Employee will be offered a safe, alternate position in accordance with 22.11.

22.6 Special maternity leave and sick leave

(a) Where the pregnancy of an Employee not then on maternity leave terminates after 28 weeks other than by the birth of a living child then:

(i) she shall be entitled to such period of unpaid leave (to be known as special maternity leave) as a registered medical practitioner or registered midwife certifies as necessary before her return to work; or

(ii) for illness other than the normal consequences of confinement she shall be entitled, either in lieu of or in addition to special maternity leave, to such paid sick leave as to which she is then entitled and which a registered medical practitioner or registered midwife certifies as necessary before her return to work.
(b) Where an Employee not then on maternity leave suffers illness related to her pregnancy, she may take such paid sick leave as to which she is then entitled and such further unpaid leave (to be known as special maternity leave) as a registered practitioner or registered midwife certifies as necessary before her return to work, provided that the aggregate of paid sick leave, special maternity leave and maternity leave shall not exceed the period to which the Employee is entitled under clause 0.

(c) For all purposes of this Agreement, maternity leave shall include special maternity leave.

22.7 Paternity leave

(a) An Employee will provide to the Employer at least ten weeks prior to each proposed period of paternity leave, with:

22.8 Adoption leave

(a) The Employee will notify the Employer at least ten weeks in advance of the date of commencement of adoption leave and the period of leave to be taken. An Employee may commence adoption leave prior to providing such notice, where through circumstances beyond the control of the Employee, the adoption of a child takes place earlier.

(b) Before commencing adoption leave, an Employee will provide the Employer with a statutory declaration stating:

(i) the Employee is seeking adoption leave to become the primary care-giver of the child;

(d) Where the placement of child for adoption with an Employee does not proceed or continue, the Employee will notify the Employer immediately and the Employer
will nominate a time not exceeding four weeks from receipt of notification for the Employee's return to work.

(e) An Employee will not be in breach of this clause as a consequence of failure to give the stipulated periods of notice if such failure results from a requirement of an adoption agency to accept earlier or later placement of a child, the death of a spouse, or other compelling circumstances.

(f) An Employee seeking to adopt a child is entitled to unpaid leave for the purpose of attending any compulsory interviews or examinations as are necessary as part of the adoption procedure. The Employee and the Employer should agree on the length of the unpaid leave. Where agreement cannot be reached, the Employee is entitled to take up to two days unpaid leave. Where paid leave is available to the Employee, the Employer may require the Employee to take such leave instead.

22.9 Variation of period of parental leave

Unless agreed otherwise between the Employer and Employee, an Employee may apply to their Employer to change the period of parental leave on one occasion. Any such change to be notified at least four weeks prior to the commencement of the changed arrangements.

22.10 Parental leave and other entitlements

An Employee may in lieu of or in conjunction with parental leave, access any annual leave or long service leave entitlements which they have accrued subject to the total amount of leave not exceeding 52 weeks.

22.11 Transfer to a safe job

(a) Where an Employee is pregnant and, in the opinion of a registered medical practitioner, illness or risks arising out of the pregnancy or hazards connected with the work assigned to the Employee make it inadvisable for the Employee to continue at her present work, the Employee shall, if the Employer deems it practicable, be transferred to a safe job at the rate and on the conditions attaching to that job until the commencement of maternity leave.

(b) If the transfer to a safe job is not practicable, the Employee may elect, or the Employer may require the Employee to commence parental leave for such period as is certified necessary by a registered medical practitioner or registered midwife. Such leave shall be treated as maternity leave for all purposes of this Agreement.

22.12 Returning to work after a period of parental leave

(a) An Employee will notify of their intention to return to work after a period of parental leave at least four weeks prior to the expiration of the leave.

(b) An Employee will be entitled to the position which they held immediately before proceeding on parental leave. In the case of an Employee transferred to a safe job pursuant to the above, the Employee will be entitled to return to the position they held immediately before such transfer.

(c) Where such position no longer exists but there are other positions available which the Employee is qualified for and is capable of performing, the Employee will be entitled to a position as nearly comparable in status and pay to that of their former position.
22.13 **Replacement Employees**

(a) A replacement Employee is an Employee specifically engaged or temporarily promoted or transferred, as a result of an Employee proceeding on parental leave.

(b) Before an Employer engages a replacement Employee the Employer must inform that person of the temporary nature of the employment and of the rights of the Employee who is being replaced.

22.14 **Right to request**

(a) An Employee entitled to parental leave pursuant to the provisions of this clause 0 may request the Employer to allow the Employee:

(i) to extend the period of simultaneous unpaid parental leave provided for in clause 0 up to a maximum of eight weeks;

(ii) to extend the period of unpaid parental leave provided for in clause 0 by a further continuous period of leave not exceeding 12 months;

(iii) to return from a period of parental leave on a part-time basis until the child reaches school age;

(b) The Employer shall consider the request having regard to the Employee’s circumstances and, provided the request is genuinely based on the Employee’s parental responsibilities, may only refuse the request on reasonable grounds related to the effect of the workplace or the Employer’s business. Such grounds might include cost, lack of adequate replacement staff, loss of efficiency and the impact on customer service.

21.12.2

(c) The Employee’s request and the Employer’s decision made under clause 0 and 0 must be recorded in writing.

(d) Where an Employee wishes to make a request under clause 0, such a request must be made as soon as possible but no less than seven weeks prior to the date upon which the Employee is due to return to work from parental leave.

22.15 **Communication during Parental Leave**

(a) Where an Employee is on parental leave and a definite decision has been made to introduce significant change at the workplace, the Employer shall take reasonable steps to:

(b) The Employee shall take reasonable steps to inform the Employer about any significant matter that will affect the Employee’s decision regarding the duration of parental leave to be taken, whether the Employee intends to return to work and whether the Employee intends to request to return to work on a part-time basis.

23 Accident Pay

Any reference to the Accident Compensation Act 1985 in this clause shall be deemed to include a reference to the Workers Compensation Act 1958.

23.1 Definitions

The words hereunder shall bear the respective definitions set out herein.

(a) Accident pay

(i) Total incapacity

In the case of an Employee who is or deemed to be totally incapacitated within the meaning of the Accident Compensation Act 1985 (hereinafter referred to as the Act) and arising from an injury covered by this clause means a weekly payment of an amount representing the difference between the total amount of compensation paid as a weekly payment under the Act for the week in question and the total 38 hour weekly rate for a day Employee which would have been payable under this Agreement for the Employee’s normal classification of work for the week in question if she/he had been performing her/his normal duties provided that such latter rate shall exclude additional remuneration by way of shift premiums, overtime payments, special rates or other similar payments.

(ii) The total 38 hour weekly rate abovementioned shall be the same as that applying for a total incapacity provided that where an Employee receives a weekly payment under this section and subsequently such payment is reduced pursuant to the Act such reduction will not increase the liability of the Employer to increase the amount of accident pay in respect of that injury.

(b) Partial incapacity

In the case of an Employee who is or deemed to be partially incapacitated within the meaning of the Act and arising from an injury covered by this clause means a weekly payment of an amount representing the difference between the total amount of compensation paid as a weekly payment under the Act for the period in question together with the average weekly amount the Employee is earning or is able to earn in some suitable employment or business (as determined expressly or by implication by the Accident Compensation Conciliation Service (as it is currently known) or as agreed between the parties) and the total 38 hour weekly rate for a day Employee which would have been payable under this Agreement for the Employee’s normal classification of work for the week in question if the Employee had been performing her/his normal duties, provided that such latter rate shall exclude additional remuneration by way of shift premiums, overtime payments, special rates or other similar payments.

(i) For the purposes of the calculation of the total 38 hour weekly rate under clause 0 and 0, payments made to an Employee arising from a production incentive earnings scheme (whether arising from a payment by results, task or bonus scheme or however titled) shall not be taken into account.
Where an Employee receives accident pay and such pay is payable for incapacity for part of the week, the amount shall be direct pro rata.

(d) **Injury** shall be given the same meaning and application as applying under the Act, and no injury shall result in the application of accident pay unless an entitlement exists under the Act.

### 23.2 Qualification for payment

Always subject to the terms of this clause, an Employee shall upon receiving payment of compensation and continuing to receive such payment in respect of a weekly incapacity within the meaning of the Act, be paid accident pay by her/his Employer who is liable to pay compensation under the Act, which said liability by the Employer for accident pay may be discharged by another person on his behalf, provided that:

(a) Accident pay shall only be payable to an Employee whilst such Employee remains in the employment of the Employer by whom she/he was employed at the time of the incapacity and then only for such period as she/he receives a weekly payment under the Act. Provided that if an Employee on partial incapacity cannot obtain suitable employment from her/his Employer but such alternative employment is available with another employer than the relevant amount of accident pay shall be payable.

(i) Provided further that in the case of the termination of employment by an Employer of an Employee who is incapacitated and who except for such termination would be entitled to accident pay, accident pay shall continue to apply subject to the provisions of this clause except in those cases where the termination is due to serious and/or wilful misconduct on the part of the Employee.

(ii) In order to qualify for the continuance of accident pay on termination, an Employee shall if required provide evidence to his/her Employer of the continuing payment of weekly compensation payments.

### 23.3 Accident pay shall not apply to any incapacity occurring during the first two weeks of employment unless such incapacity continues beyond the first two weeks and then subject to clause 0 and to the maximum period of payment prescribed elsewhere herein, accident pay shall apply only to the period of incapacity after the first two weeks.

(a) Provided that as to industrial diseases contracted by a gradual process or injuries subject to recurrence, aggravation or acceleration as provided in the Act, such injuries or diseases shall not be subject to accident pay unless the Employee has been employed with the Employer at the time of the incapacity for a minimum period of one month.

(b) Where an Employee obtains a judgement or settlement for damages in respect of an injury for which she/he has received accident pay the Employer’s liability to pay accident pay shall cease from the date of such judgement or settlement provided that if the judgement or settlement for damages is not reduced either in whole or part by the amount of accident pay made by the Employer the Employee shall pay to her/his Employer any amount of accident pay already received in respect of that injury by which the judgement or settlement has not been so reduced.

(c) Where an Employee obtains a judgement or settlement for damages against a person other than the Employer in respect of an injury for which she/he has received accident pay the Employer’s liability to pay accident pay shall cease from the date of such judgement or settlement provided that if the judgement or settlement for damages is not reduced either in whole or part by the amount of accident pay made by the Employer the Employee shall pay to her/his Employer any amount of accident pay already received in respect of that injury by which the judgement or settlement has not been so reduced.

Employee who is rostered off duty on the day on which a public holiday occurs is
to be determined solely as follows:

(i) Where a public holiday occurs on a day that a part-time Employee would
normally work, but the Employee is not required by the Employer to work,
the part-time Employee is entitled to receive the public holiday benefit
relevantly prescribed above.

(ii) Where a public holiday occurs on a day a part-time Employee is not
rostered to work, the part-time Employee’s entitlement will be determined by
application of the following formula:

(A) average weekly hours worked by the part-time Employee over the
previous six months are to be determined; and

(B) a pro-rata payment made, regardless of whether the Employee would
ever work on that day of the week:

Example for hospital based Registered Nurses Divisions 1 and 2:

<table>
<thead>
<tr>
<th>Average Hours</th>
<th>Shift Length</th>
<th>Base Payment</th>
<th>Penalty</th>
<th>Payment</th>
</tr>
</thead>
<tbody>
<tr>
<td>24 hours</td>
<td>X 8 hours</td>
<td>5.05 hours</td>
<td>T1.5</td>
<td>7.575 hrs</td>
</tr>
<tr>
<td>38 hours</td>
<td></td>
<td></td>
<td>(Div 2)</td>
<td></td>
</tr>
</tbody>
</table>

(Where Employees have not worked a six (6) month period for the purposes of determining
average hours, an Employer will have regard to the average hours worked for the period
preceding the public holiday.)

(b) Notwithstanding clause 0, a part-time Employee who is only ever employed
between a Monday to Friday, shall not receive any entitlement to Easter
Saturday.

(c) In respect of a part-time night duty Employee who is required to be on duty on
the public holiday, the public holiday benefit shall apply to all of the hours of the
shift worked.

(d) A night duty Employee is entitled to be paid:

(i) at the appropriate public holiday rates for each hour worked on that part of a
shift that falls on the public holiday; and

(ii) at the pro rata public holiday rostered off benefit for that part of a shift that
falls on the public holiday that they are not rostered to work and do not
work.
Example
An Employee whose average hours are 0.6EFT is rostered to work from 9.30pm to 7.30am with the shift commencing the day before the public holiday. The hours worked between midnight and 7.30am fall on the public holiday and there each hour attracts the public holiday rate, eg 7.6 hours at double time. The same Employee is not rostered to the night shift that commences on the public holiday, ie the shift that commences at 9pm. The period from 9.30pm to midnight attracts a pro-rata payment 2.5 hours x 0.6 (EFT) x 1 or 1.5 (single time for Registered Nurses Division 1, or time and one half for Registered Nurses Division 2) hours payable.

For example, the arrangements should include suitable provisions consistent with the operation of the model to provide back-up, support and relief for circumstances such as meal breaks, emergency assistance, birthing assistance etc.
(vi) The caseload per one EFT midwife will not exceed 45 women (booked in) per annum, with proportional caseloads to be allocated to part-time midwives.

Option 1

Midwives participating in the model will access minimum/agreed weekly nursing hours in accordance with the midwives’ contracts of employment and this Agreement.
For the first roster period of the model, the midwives shall receive their minimum/agreed base rate (without penalties and allowances as prescribed by this Agreement).

For the second and subsequent roster periods of the model, the midwives shall receive their minimum/agreed base rate along with the monetary equivalent of penalties and allowances actually incurred for the preceding roster period.

**Option 4**

A commuted loading on salary is paid to encompass applicable Agreement penalties and allowances which would normally be paid as they occur according to the actual number and pattern of hours worked. Applicable penalties and allowances will be agreed taking into account the context, often including team arrangement of work allocation and self-management of hours. The commuted loading is to be initially calculated and agreed based on expected patterns of work.

The initial loading is to be reconciled against actual work patterns monthly for the first three months and any variance subject to adjustment of the loading or work hours to equate payments received with hours actually worked. Overpayments will not be subject to recovery of moneys, however, the Employer may require additional hours to be worked in an area where the midwife is clinically competent during the ensuing month only if the actual hours worked by the midwife are less than the agreed working hours.

After the first three months the level of loading will be set and reconciliation will then occur each six months with any necessary adjustment to hours or loading as above.

(iii) Where there is majority support for any remuneration option or options, then that remuneration option or options shall be put to a vote of the midwives concerned;

No midwife will lose her/his job by reason of the introduction of a continuity of care model.

(ii) Details of arrangements for midwives not entering the new model shall be contained within the proposal. Whether working in a new model or not, arrangements shall be such that midwives can have access with their Employer and be able to perform the range of midwifery duties at an equivalent level to the access and performance provided prior to the implementation of the model in order to maintain their skill base.

(A) 12 hour shift arrangements that are reduced to writing and signed by the Employer party and the ANF continue to apply; and

(B) trials for 12 hour shifts which by agreement with ANF are presently being conducted in a number of Public Hospitals will continue and any agreed outcome relating to the length of shifts may be implemented in accordance with clause 0 of this Agreement so as to regulate full time ordinary hours for Employees working day shift, afternoon shift and night shift; and

(c) If an Employee is required by the Employer to resume or to continue to work without having had 10 consecutive hours off duty she or he will be paid at the rate of double time until they have been released from duty for such rest period and she/he shall then be entitled to 10 consecutive hours off duty without loss of pay for rostered ordinary hours occurring during such absence.

PART IB – INTERPRETATION

1 General Medical/Surgical Wards

(a) The following information is intended to assist in the interpretation of the methodology used to apply the nurse/patient ratios. Further, it is recognised that any application of the nurse/patient ratios must be flexible so that hospitals are able to adjust to variations in bed occupancy (up and down), subject to the meeting of the agreed nurse/patient ratios, and compliance with other requirements of this Agreement and employment contracts. The following information applies with respect to all ratios set out in Schedule C within wards and level 2 nurseries.

(b) The methodology used to apply the nurse/patient ratio needs to be consistent with the principle of ensuring that the number of nurses available is commensurate with the number of patients requiring care. Average occupancy may not reflect variations in patient numbers and therefore may not match staff to periods of peak demand.
(c) Consequently, the nurse/patient ratio should be calculated on actual patient numbers in a given ward or unit. If a hospital has a particular ward of 30 beds and only 26 beds are generally occupied, the four "unused" beds may only be used when additional staff are available to meet the ratio requirements.

(d) While the nurse/patient ratio set out in Schedule C will apply to the number of beds that are generally occupied, any occupancy of additional beds is subject to:

(i) additional beds being available; and

(ii) nurses being rostered to the level required to meet the nurse/patient ratio for the duration of the occupancy of additional beds.

In this context, "rostered" does not require the application of normal Award notice periods.

(e) Where demand requires fewer beds, staffing may be adjusted down or redeployed prior the commencement of shifts, subject to compliance with relevant provisions in awards, certified agreements or an individual's employment contract.

(f) Where the application of the nurse/patient ratio results in a number of nurses, plus an additional requirement of more than 0.5%, rounding up shall be required.

(g) Where the application of the nurse/patient ratio results in a number of nurses, plus an additional requirement of 0.5% or less rounding down shall be regarded as being in compliance with the ratio.

(h) Where the application of the nurses ratio results in a number of nurses, plus an additional requirement of 0.5%, prima facie rounding down shall occur. This is subject to the following safeguards:

(i) patient care is not to be compromised;

(ii) if the number of patients outside the nurse/patient ratio exceeds 50% of the requirement to appoint an additional nurse, a further nurse must be appointed.

(i) On night duty shifts, and in aged care wards, it may be appropriate to appoint a floater to make up the part nurse/patient ratio.

(j) The ratios in the Hospitals listed below may be reached with a mix of Registered Nurses Divisions 1 and 2 and are not restricted to limitations on use of Division 2 nurses prescribed in clause 0

(k) Where there is a dispute over staffing shall be taken as being indicative of patient care requirements, subject to the right of review by the hospital. Otherwise, the prima facie position will be a rounding down, to be determined by the hospital in the event of disagreement at the local level, subject to a right of review of the decision by the ANF through the Monitoring Committee.

2 Ante Natal/Post Natal

Staffing arrangements reached in accordance with the Midwifery Industrial Framework Agreement to apply to Midwifery Continuity of Care Models already established, are not required to be reviewed simply as a result of the introduction or amendment of this Agreement.

3 Aged Care

Nurse/Patient ratio applicable to aged care relate to the number of aged care patients, not the number of patients in a ward, unit or department.

1  GENERAL
Where aged care patients generally occupy beds designated as acute "aged ward" ratios shall apply for these patients.

2  IN CHARGE POSITIONS
The 'In Charge' positions referred to above relate to current arrangements. There is an intention as part of this total agreement that there will not be a number of charge nurses of small wards in the one facility eg. 10 acute beds and 15 aged care beds.

Where an In-Charge nurse in these facilities has had a patient load, that practice may continue.

In situations such as inability to recruit or replace, sick leave replacement, unexpected increases in patient acuity, it may be necessary for an In-Charge nurse on an individual shift basis to accept a component of a direct patient load for the purpose of meeting the ratios.

3  SUPERNUMERARY GRADE 5
In small health facilities ie, one ward there would be a Grade 5 not supernumerary and one other Division 1.

In a facility of two wards or one ward and nursing home there would be a Grade 5 and a Grade 3 -Grade 5 not supernumerary.

Facilities of three wards or more Grade 5 supernumerary and Grade 3 in charge of each ward.

PART III - DELIVERY SUITES LEVELS 1, 2 AND 3

1  2 MIDWIVES TO 3 DELIVERY SUITES ON EACH SHIFT
If the ward/unit believes that there is not the same requirement for staffing levels on night duty as for AM and PM, then a local agreement will be entered into.

In hospitals with less than two births per day, rosters should ensure that where possible, two midwives are rostered on in the hospital. If this is not possible, one may be on-call.

If other parts of the hospital are not busy, midwives may be relocated to work in delivery suites.
The number of delivery suites that a hospital wishes to utilise shall be nominated by the hospital. The nurse/patient ratio shall apply to the nominated suites, with use of additional suites being subject to additional midwives being available, and rostered to the level required to meet ratios for the duration of the usage of the additional suites. "Rostered" for the purpose of additional midwives in this context does not require the application of normal Award notice periods.

If the midwives rostered to delivery suites are not required, they may be utilised as additional staff in other hospital areas, provided that they return to the midwifery unit if required.

2 NICU

(4 major units — Mercy Hospital for Women, Royal Women's Hospital, Monash Medical Centre, Royal Children's Hospital).

1:2 and In Charge on all shifts.

3 DISCRETE LEVEL 2 SPECIAL CARE UNITS

(a) Where more than 10 cots 1:3 on all shifts.
(b) Where 10 cots or less 1:4 on all shifts.

The general "rounding" principles as set out in Part IB of this Annexure C, shall apply, provided that two nurses shall be required in respect of six cots.

- 10 COTS = 3 nurses
- 11 COTS = 4 nurses
- 12 COTS = 4 nurses
- 13 COTS = 4 nurses
- 14 COTS = 5 nurses
- 15 COTS = 5 nurses
- 16 COTS = 5 nurses

4 LEVEL 1 NURSERIES

Given the ratios in acute and postnatal wards these babies will be cared for by ward staff.

PART IV - EMERGENCY DEPARTMENTS

Health services operating an Emergency Department will roster to those departments in accordance with the requirements described below for the various Groups.

Group 3 and Group 4 Emergency Department staffing requirements are based on data for the immediately preceding 12-month history of presentations.

Where there is a seasonal fluctuation, a hospital may staff at the level of a particular Group for part of the year, and as another Group for the remainder or other part of the year, depending on the number and pattern of presentations.

The following night duty presentations formula applies only to Group 1 Emergency Departments. Group 1 staffing levels are adjusted for presentations and cubicle occupancy for the immediate proceeding twelve month period. Group 1 staffing levels are not to be simply based on the number of cubicles.

The number of cubicles used for determining night duty staffing ratios is reduced in proportion to the average number of presentations at night compared with the day shifts. For example, Hospital A has an average of 13,000 presentations per daytime shift and 7,000 at night. It has 40 cubicles available. Base staffing ratios are determined as follows:

1. Determine proportion of night to day presentations (7,000/13,000 = 0.54)

2. Calculate a cubicle equivalent: 40 cubicles x 0.54 = 21.6

3. Base staff required using 1:3 + In-Charge + Triage ratios = (21.6/3) + 2.5 = 9.7 EFT

4. Because lower activity does not always correspond with reduced cubicle occupancy, adjustments of up to 50% of the gap between actual cubicles and "cubicle equivalents" is allowed by local agreement.

5. To calculate the 50% gap add "cubicle equivalents" (21.6) to 50% of the gap (9.7 cubicles) = 31.3 equivalent occupied cubicles

| Gap = 40-21.6 = 18.4 | 50% of gap = 18.4/2 = 9.2 |

6. Maximum staffing using 1:3 + In-Charge + Triage ratio is (31.3/3) + 2 = 12.43 EFT

If an Emergency Department has a designated short stay admission (or areas), ward nurse/patient ratio shall apply where full assessment and admission has occurred, in respect of such patients.

**GROUP 4A**

With 5,000 to 7,000 presentations per annum

A minimum of two EFT Registered Nurses Division 1 are to be dedicated to the Emergency Department each 24-hour period.
This staffing is to be additional to other ratios and/or prescribed staffing requirements applicable within the hospital/health service, but may be utilised to assist within the facility provided they are free to immediately return to the Emergency Department.

**GROUP 4B**

Less than 5,000 presentations per annum.

There is no dedicated nurse staffing requirement for Group 4B Emergency Departments.

When meeting the other ratios applicable within the hospital/health service there should be a minimum of two Registered Nurses Division 1 plus 1 “floater” (Division 1 or Division 2) per shift as staffing for the facility including the Emergency Department.

In respect of a Group 4B hospital/health service with only one or two wards, the “floater” need not be a supernumerary, provided that a Division 1 nurse is available to assess patients in the Emergency Department and there remains a Division 1 nurse in each ward.

The parties acknowledge that there were a wide range of occupational health and safety (OHS) matters raised in the ANF 2007 Public Sector claims. In an effort to improve safety for Employees of the Employers, the parties agree to establish an OHS working party consisting of representatives of DHS and VHIA representing the Employers, and on behalf of Employees the ANF to discuss, investigate and where possible, make recommendations in relation to those claims.

The Employer will implement the hierarchy of controls to control hazards, and will eliminate the hazard at the source wherever practicable.

The provisions of this part of the Agreement shall be read and interpreted in conjunction with the Victorian Occupational Health and Safety Act 2004 and the Victorian Accident Compensation Act 1985 as amended, provided where there is any inconsistency between a provision of this Agreement and the aforementioned Victorian Acts, the Victorian Acts shall prevail to the extent of any inconsistency.

The parties to this Agreement recognise that consultation with nurses and their representatives is crucial to achieving a healthy and safe work environment for nurses. To this end, this Agreement recognises that Employers and Employees must co-operate to control and manage health and safety hazards in the workplace. Hazards include, but are not exclusive to:

- manual handling;
- blood borne and other infectious diseases;

(i) The Employer and the Employee shall mutually co-operate and participate in the agreed return to work plan. This plan will be reviewed at the request of any of the parties involved. Where agreement cannot be reached the processes of the Victorian Accident Compensation Act 1985 (as amended from time to time) shall apply.

(vii) the worker regularly experiences pain or discomfort while performing specific tasks.

Provided that such referral may be made at the request of the Employee, the treating doctor, or any other approved service provider, individual or agency, on behalf of the Employee, subject to approval by the insurer.

(b) Subject to approval by the insurer, an occupational rehabilitation service and personal and household service may include, but is not limited to:

(v) the need for any re-training or re-education which may be required to assist the injured nurse to return to work in suitable employment; and
(vi) vocational assessment and counselling.

(c) An Employee's request for occupational rehabilitation services shall be considered wherever it can assist the Employee's personal and occupational rehabilitation. Requests for approval must be made in writing by the Employee, his/her treating medical practitioner, or any other approved service provider on behalf of the Employee. In accordance with the Accident Compensation Act 1985 as amended from time to time, approval for payment for services shall be subject to agreement by the authorised insurer.

(i) Where the Employer receives such a request, the Employer shall ensure that the request is processed in a timely manner.

Provided further that the Employee must be notified in writing of the decision by the insurer. This should occur within 28 days of the request, in accordance with guidelines issued by the Victorian WorkCover Authority to its agents.
(d) The Employer or insurer may pay for any re-training or re-education which is required to assist the Employee to remain at work or return to work in suitable employment in accordance with guidelines issued by the Victorian WorkCover Authority to its agents. Approval for such re-training or re-education may be requested by the Employee, his/her treating practitioner, or any other Victorian WorkCover Authority approved service provider, individual or agency, on behalf of the Employee.

(i) Where it has been established that an Employee has a permanent injury or condition which prevents them returning to their pre-injury employment the Employer shall ensure the Employee is advised of all vacancies as they become available.

(ii) Where it has been established that an Employee has a current work capacity within the meaning of the Accident Compensation Act 1985 within the period specified by 155A(3) the Employer shall provide the Employee with suitable employment.

(e) At the request of the Employee, the Employer shall notify the ANF before any action is taken to terminate, permanently re-deploy, permanently re-locate or otherwise permanently change the employment status of an injured Employee, and shall consult with the ANF, the Employee, the rehabilitation provider, and the treating doctor, to determine all possible options for rehabilitation/return to work, including vocational assessment, re-training and re-education, prior to such action being taken.
