Refer to the Guidelines for HACC Output Data Collection 2000-2001 for definitions of activities. Note that for any activity, number of hours delivered annually should approximate the sum of hours reported quarterly. However the number of individuals assisted annually will normally be *less than* 12 times the number seen quarterly.

Please report on hours attributed to HACC grant and fees. As part of the HACC Agreement with the Commonwealth, DHS must report on fees collected in HACC. Fees are not to be charged for Assessment and Care Management. This activity can spend fees raised by other HACC activities. Fees collected for Delivered Meals fund part of the meal cost and are not spent on additional meals. Fees collected for Linkages are to be used to enhance service quality and not fund additional packages.
