

## Effective Discharge Strategy Discharge Improvement Plan and Guidelines 2001/02 to 2002/03

All health services, hospitals, sub-acute services and MPS are expected to develop a discharge improvement plan for the last two years of the strategy. Attached is a *Pro Forma* for completing the discharge improvement plan. The plan should:

- Ensure that the improvements made over the life of the strategy are sustainable into the future.
- Show how the organisation is working collaboratively with GPs, other community providers, and patients and their carers.
- Detail initiatives around the collection and reporting of performance indicator data.
- Detail any other discharge initiatives.

Two copies of the completed reports are to be submitted by **30<sup>th</sup> November 2001** to:

**Post:** Vivien Adler  
Manager, Continuity Unit  
Quality & Care Continuity Branch  
Acute Health Division  
Department of Human Services  
Level 16  
555 Collins Street  
MELBOURNE VIC 3000

**Email:** Vivien.Adler@dhs.vic.gov.au

**Facsimile:** (03) 9616 8347

The Improvement Plans developed by rural alliances should be forwarded to the appropriate Regional Office.
