# ***Introduction***

This section is provided as a consolidated reference to the constraints on VINAH MDS data items. This information is also expressed less formally in Section 3, in the specification and guide for use for each data item.

## **Changes for this Edition**

- Removed Rule 81 - "Each client service event must have one or more individual."
- Removed Rule 111 - "*Interpreter Required* must be not stated only if *Preferred Language* is inadequately described or not stated."
- Removed Rule 127 - "Each case must have a *Date Care Plan Documented* only if case closed."
  
- Modified rule 110 - "Each person must have a chronic disease flag." to "Each person must have either a *SACS Flag* or a *HARP Flag* or both."
  
- Added Rule 131 - "Each case may have one or more *Main Health Conditions* if the case has started."
- Added Rule 132 - "*Interpreter Required* must be 1 - *Interpreter not needed* if *Preferred Language* is 1201 - *English*."
- Added Rule 133 - "Each person must have a *Date of Birth Accuracy Code*."
