Health Insurance Funds

Subject: Day Only arrangements and amendments to the type C Exclusion List

Purpose: The purpose of this circular is to advise hospitals and health insurance funds of the changes to the day only arrangements and Type C Exclusion List resulting from amendments to the Medicare Benefits Schedule.

■ **Day Procedures Manual**

The Commonwealth Department of Human Services and Health have recently advised that there will be no reprint of the Day Only Procedures Manual for November 1994, given that the proposed health insurance reforms are expected to take effect from 1 April 1995, and it is likely that the day arrangements will require review and/or amendment.

■ **Amendments to the Type C Exclusion List**

The release of the new 1 November 1994 Medicare Benefits Schedule (MBS) will affect the day only arrangements, except the Band 1 list which remains unchanged.

With effect from 1 November 1994, the following changes will occur to the Type C Exclusion list. Please note that descriptions listed are abbreviated only and therefore you may need to see the MBS for the full descriptions of these items:

Deletions:

17600, 34530 & 66233 (which was actually deleted from MBS with effect from 1 July 1994)

Additions:

13948 Cytotoxic agent, instillation of, into a body cavity

35626 Hysteroscopy, including biopsy, performed by a specialist, where the patient is referred for investigation of suspected intrauterine pathology (with/without anaesthetic)

46525 Pulp space infection, paronychia of hand, incision for

47904 Digital nail of toe, removal of

66343 Detection or quantitation or both of a drug, or drugs, of abuse or a therapeutic drug, on a sample collected from patient.

Amended Description:

These items with amended descriptions remain on the Type C Exclusion list. The descriptions of these items have not changed significantly:

159, 11708, 11709, 11712, 11918, 42794, 45030, 47735,

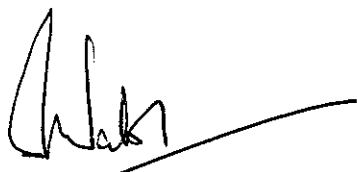

17603 Examination of a patient in preparation for the administration of an anaesthetic relating to professional service.

32500 Varicose veins where varicosity measures 2.5mm or greater, multiple injections using continuous compression techniques

47912 Pulp space infection, paronychia of foot, incision for

47916 Ingrowing nail of toe, partial resection of nail, including phenolisation but not including excision of nail bed

Please find attached a copy of the revised Type C Exclusion List incorporating the above amendments.
