

Surveillance of notifiable conditions in Victoria

Notes for interpreting data:

- Data presented in this publication relate to notifications received by the department and do not necessarily reflect the true incidence of the disease.
- Data are presented by residential location and do not necessarily indicate where infection was acquired.
- Data are subject to change without notice.
- Data are typically updated on a daily basis, however, there may be a lag between receipt and recording of notification for some conditions, particularly those with large numbers of notifications.
- Data on chlamydia are available upon request.

The department assumes no responsibility or liability for damages arising from the inability to use this publication or for any omissions from and errors in this publication. Please contact Communicable Disease Epidemiology and Surveillance, Health Protection Branch, on 1300 651 160 or infectious.diseases@dhs.vic.gov.au for further information.
