

## To which PAC Service do I direct the referral?

The easiest way to do this is by using the Find function. Press "Ctrl (Control)" and "F" buttons together. A Find pop-up box will appear on screen.

Type the postcode in the "Find What:" field and select find!

Some postcodes stretch across LGA boundaries and are assigned to different PAC programs. In these cases, ascertain which council the patient belongs to. You can ask them which council they pay their rates to as a simple way of determining the LGA. Once you have done this, direct the referral to the appropriate PAC.

## To which PAC Service do I direct the referral?

The easiest way to do this is by using the Find function. Press "Ctrl (Control)" and "F" buttons together. A Find pop-up box will appear on screen.

Type the postcode in the "Find What:" field and select find!

Some postcodes stretch across LGA boundaries and are assigned to different PAC programs. In these cases, ascertain which council the patient belongs to. You can ask them which council they pay their rates to as a simple way of determining the LGA. Once you have done this, direct the referral to the appropriate PAC.
