

Queensland- Connecting Healthcare In Communities

- Based on local initiative, developing trust, empowering partners, removing traditional public sector barriers to genuine partnering and joint service delivery
- 16 Partnership Councils- \$34M to June 2011
- Partnering funding (\$120k p.a. each to June 2011)
- Service Delivery and Innovation funding (\$50k- \$650k p.a. to June 2011)
- Encouraged to access additional resources and funding opportunities

Gold Coast Primary Care Partnership Council

Our vision:

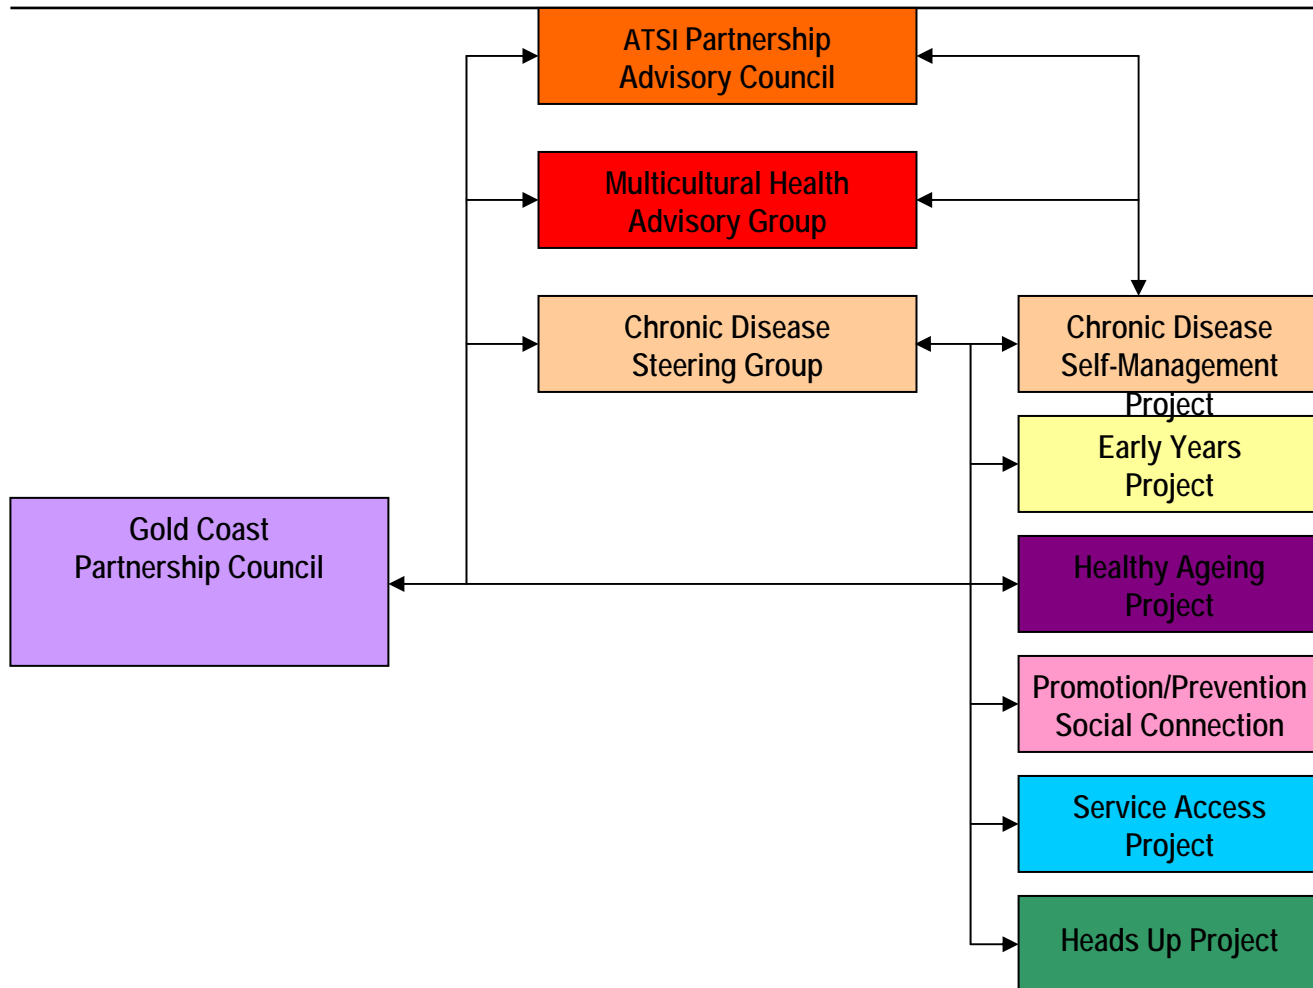

**a community that leads in sharing
responsibility for protecting and
improving the good health of all**

Secrets of Success

1. Role of honest broker (GPGC)
2. Spread partnering beyond PCPC
3. Funding projects which require a high level of partnering & where there is a shared priority
4. Dedicated position- coordination & facilitation

Gold Coast Primary Care Partnership Council

Adding Value

- Strategic focus
- Building systems capacity
- Partnership in all things- shared development of proposals vs competition for funding
