Dr. Robert Hall
Director Public Health & Chief Health Officer
Department of Human Services
DX230088
Melbourne Victoria, 3001

30 January 2006

Dear Dr. Hall

Re: Review of the Health Act 1958 Submission

The City of Greater Geelong has no more to comment on the proposed amendments other than we stand by our previous comments and concerns.

The only extra one to these is that there still needs to be an informal process for hairdressers to register/notify Council of their existence. Our experience shows that they regularly introduce extra processes which may require registration.

144

Yours sincerely
