Dear Dr Hall

Re: Review of the Health Act 1958

After reviewing the draft policy an item I would like to see included in the new Public Health Act is the registration of solariums.

In 2001 I attended a Sun Smart information seminar and the presenter was under the impression that EHO's conducted inspections of these establishments and was dismayed when I informed her no inspection activity is carried out by EHO's.

Under the definition-"intended to maintain alter or enhance a persons appearance"

I believe solariums fit the criteria of the definition and registration of this activity will promote consumer confidence in the industry.

I hope this information is satisfactory, however, if you require any further information, please do not hesitate to contact me on ☎ 5734 6238.

Yours faithfully
