*Note 1: an employer at a Work Premises that is an abattoir, meat processing facility, poultry processing facility or seafood processing facility is required to comply with subclause (b) unless an exception under the **Stay Safe Directions (Victoria)** applies in respect of a worker, in which case the employer is exempted from requiring that worker to wear a **face covering**.*

*Note 2: the exception from the requirement to wear a face covering pursuant to clause 5(3)(i) of the **Stay Safe Directions (Victoria)** does not apply to a worker at a Work Premises that is an abattoir, meat processing facility, poultry processing facility or seafood processing facility whilst working at the Work Premises in Victoria.*

Care facilities

- (4) An employer in relation to a Work Premises that is a care facility in Victoria must require care facility workers in relation to a care facility to wear a **face covering** while working in any indoor space at the care facility if the worker is performing a resident-facing role at the care facility, unless an exception under the **Stay Safe Directions (Victoria)** applies to that worker.

- unless:

- (e) the employee or contractor has provided evidence of the negative test result pursuant to subclause (c) or (d) to the employer prior to commencing work at that care facility.

Note 1: providing the employer with hardcopy or electronic notification confirming the negative test result from a testing provider is sufficient evidence.

*Note 2: the effect of subclause (6) is that, in the event of an **outbreak** of SARS-CoV-2 at a care facility, an employee or contractor present during the outbreak must only work at that facility, and cannot be permitted to work at other care facilities. Such employees or contractors must wait a minimum period of either 7 days if they are fully vaccinated or 14 days if they are not fully vaccinated from when they last worked a shift while a confirmed case was present at the facility and test negative for SARS-CoV-2, before moving from that care facility to commence work at another care facility. No test is required if it has been 28 days or more since the employee or contractor last worked a shift while a confirmed case was present at the facility.*

- (7) For the avoidance of any doubt, the obligations on an employer in subclause (6) do not apply to a **visiting health care professional** entering the care facility.
- (8) An employer in relation to a Work Premises that is a care facility in Victoria must comply with personal protective equipment requirements in accordance with the requirements of the Department.
