This Order may be referred to as the **Pandemic (Visitors to Hospitals and Care Facilities) Order 2022 (No. 3)**.

3. Authorising provision

6. Application of this Order

This Order applies to the whole State of Victoria.

Part 2 – Entry Requirements for Hospitals

7. Prohibition on entry

A person must not enter, or remain at, a hospital unless:

- (1) the person is a patient of the hospital; or
- (2) the person is a hospital worker, as defined in Schedule 1, and the entry is not otherwise prohibited under this Order; or
- (3) the person is a visitor of a patient of the hospital and the visit is not otherwise prohibited under this Order; or
- (4) the person is present in an area of the hospital in respect of which an exemption under clause 17 is in force.

Note: hospitals also set visiting rules separate to this Order that may include additional requirements, conditions or restrictions that apply to visitors.

8. Entry Requirements

An operator of a hospital must not permit a visitor of a patient to enter, or remain at, the hospital for the purpose of having in-person contact with any patient except if:

- (1) for visitors who are aged 18 years or over:
 - (a) they are fully vaccinated; or
 - (b) they are not fully vaccinated and:
 - (i) present acceptable evidence of a negative result from a COVID-19 rapid antigen test undertaken on the same day that the visitor attends the hospital; and
 - (ii) wear an N95 face covering for the duration of their visit; or

*Note: for visitors under subclause **Error! Reference source not found.**, face covering requirements contained within the **Movement and Gathering order** continue to apply.*

- (2) for visitors who are aged under 18 years:
 - (a) they are fully vaccinated; or
 - (b) they are not fully vaccinated and present evidence of a negative result from a COVID-19 rapid antigen test undertaken on the same day that the visitor attends the hospital.

*Note: for all visitors aged under 18 years, face covering requirements contained within the **Movement and Gathering Order** continue to apply.*

9. Exceptions to Entry Requirements

 - (b) a person who is an essential carer of a patient, where undertaking a COVID-19 rapid antigen test prior to entry is not practicable; or
 - (c) a person who has undertaken a COVID-19 PCR test within 24 hours prior to visiting the hospital and provided acceptable evidence of a negative result from that test to the operator of the hospital; or
 - (d) a person providing professional patient care, including but not limited to:
 - (i) emergency workers in the event of an emergency; and
 - (ii) ambulance workers; and
 - (iii) visiting healthcare professionals; or
