The good news is, getting your flu shot, and staying up-to-date with your COVID-19 vaccinations, will help you, and the people around you, stay well.

Along with simple things like staying home if you're unwell, these routine winter vaccinations can protect what's most important to you.

This pack provides information on the simple steps we can take to help prevent severe illness in the community.

Let's continue to protect ourselves, our loved ones and at-risk Victorians.
