

Women's health questions, answered.

Women's Sexual and Reproductive Health Hubs can help you with information and support on all types of contraception, sexual health testing and treatment, medical abortion and referral for surgical abortion of pregnancy.

Hub services are inclusive, affordable and available to girls, women and gender diverse people of all ages.

If you think you may need help or advice on sexual or reproductive health issues, call your nearest hub – some may offer online bookings.

You do not need a referral from a GP or health professional to access most services that are provided.
